

START PROCESS UNTIL SEARCHPAGE

1. LOGO START

→ Please make it 3.5 seconds long initially.

2. POLICIES TO ACCEPT:

→ How to make simpler, lovable, complete and Quicker: All in one page already! Plan: we 1) shorten the text content, 2) we make it engaging personally, 3) simplify the loo, so its quick an easy to understand:

Roundbuy Policies

You must agree to the policies below,
to complete and use the Roundbuy app &
platform. Agree by tapping “I accept”.

3. (1/3) ONBOARDING LAUNCH

→ How to make simpler, lovable, complete and Quicker: Plan: plan coming to this later.
Needs more research.

4. (2/3) ONBOARDING SING IN PAGE

→ How to make simpler, lovable, complete and Quicker: Plan: plan coming to this later.
Needs more research.

5. (3/3) ONBOARDING WELCOME PAGE :

→ How to make simpler, lovable, complete and Quicker: Plan: plan coming to this later.
Needs more research.

6. SIGN IN & SIGN UP:

→ How to make simpler, lovable, complete and Quicker: **So I have find out which Social Media accoutns we might need here? Customer segemetns. Its based on. Facevbook needs about 1 hour.**

- Sign In page: all things + most used Social Media accounts for customer segments
=> Facebook. ~~LinkedIn~~ is used by none resale marketplace
- Sing Up page for private users: **no memberships, only Buyers Fee (transaction fee).** It works as Website, so they can search by giving givign the Temporary address, then they browse, and find an item. Now they try to buy it, and it prompts the user to Register page. If they register, they are moved to Searchpage, and there they are forced through a) force choose location, b) force user name, c) country (can this be in the Creation of User account already?), d) default payment method (we inform there where they can change it later), e) interest questionnaire: onboarding (just before Searchpage). Then they start surfing around their location. **TWO OPTIONS FOR MEMBERSHIP CREATORS: 1) Create Account page (for business users), 2) Searchpage give them option.**

PLANS OR NO PLANS (impacting entrance SING UP and SIGN IN):

1. Private users and Pro sellers: only pay transaction fee

2. Shops: transactions fee & one type of memberships fee.

3. Business account for advertising: membership x 1 option + different interface, where can only be selected our different kinds of advertisements: duration + small, medium and large for Mobile app only. OR for Website small, medium and large. Note! In this business account for the banner ads, there ought to be just the choices page, in which you can purchase the different kinds of banner ads (nothing more; no searchpage etc.)

→ How to make simpler, lovable, complete and Quicker:Searchpage: a)

- Sing Up page for pro-sellers: **Professional sellers could have memberships, we can decide this later, let me ascertain this soon.**

→ How to make simpler, lovable, complete and Quicker:

- Welcome page:

7. EXTENSIONS:

- We could have: multilocations various packages there, events, social clubs.

→ How to make simpler, lovable, complete and Quicker:

- **Extensions: (1) Multilocations. (User have 1 x centre-point + 1 x product locations) they can purchase more, each costing £2 each. User can unlock in total 4 x product locations for his use. These are available only for private users and pro-sellers. Not to memberships. (2) My Space (with Social Clubs £1, Events participation for free £1) £6.00 6 months.**

8. PAYMENT PROCESSES

→ How to make simpler, lovable, complete and Quicker: automatic pay & cancel with a click. Initially give your default payment (editable from user account), then all transaction fees and payments are taken automatically when user click “Buy”. Facility for Escrow account, for transaction fees and item price until the deal is confirmed. Refund Policy clear and in certain situations button available.

9. MEMBERSHIPS:

→ How to make simpler, lovable, complete and Quicker: private sellers and buyers free account creation. They cannot have a membership. Memberships are only for
SEE above

10. BUYING & SELLING ACTIONS

→ How to make simpler, lovable, complete and Quicker: can we remove any part? To have less, and to make quicker? How to automate, and tie process parts to each others i.e. after “Buy” automatically, “Schedule a Meeting”.

Buyer Actions & Seller Actions

- (Step 1: Buyer Enquiries + Step 2: Make a Buyer Offer) **Step 1: Enquiry & Offer**
 - Notification precedes: Please consider if the notif we send now is good?
 - Notification succeed: Please consider if the notif we send now is good?
 - => status red “undone” or green “done”
- (Step 3: Buyer pays the item+ Step 4: Scheduled a Pick Up) **Step 2: Schedule PickUp Date**
 - Notification precedes: Please consider if the notif we send now is good?
 - Notification succeed: Please consider if the notif we send now is good?
 - => status red “undone” or green “done”
- (Step 5: Deal Confirmation + Step 6: Give Feedback) **Step 3: Confirm & Disconfirm Deal**
 - Notification precedes: Please consider if the notif we send now is good?
 - Notification succeed: Please consider if the notif we send now is good?
 - => status red “undone” or green “done”
- **Give Feedback** (this is not a step it follows, to reduce the number)

Please note! We have two different questionnaires for Feedbacks, depending on (1)

Confirmed Deal => **Deal**, or (2) **No Deal**.

→ Notification precedes: Please consider if the notif we send now is good?

→ Notification succeed: Please consider if the notif we send now is good?

=> Feedback & Review & Delivery method points (Point system: Pick Up by feet 5/5 ,

PickUp by bicycle 4/5, Courier 3/5, eco-shipping 2/5, normal shipping 1/5 if eco-

compensation 1€ donated for Green projects).

=> status red “undone” or green “done”

Please note! We had 6 Steps, but now we have only 3 Steps. We have just put together two adjacent steps. So you can just put all Step 1 + Step 2 content inside the new **Step 1**. So I don't need to make you a mock.
